**2Q FY2016**

For 2Q FY2016, the Group registered 21.5% drop in revenue from \$6.1 million to \$4.8 million. The decrease in revenue was a result of weak demand for media storage products and services and cards products and services in the quarter.

Other income increased due to higher interest income in 2Q FY2016.

Total operating expenses decreased by 9.2% from \$6.0 million in 2Q FY2015 to \$5.5 million in 2Q FY2016. Although revenue decreased by 21.5%, cost of raw materials usage decreased by a lesser extent of 8.7% due to variation in the mix of products and services sold to customers. The reduction in staff costs by 5.3% from \$2.4 million to \$2.3 million and other operating expenses by 20.1% from \$1.4 million to \$1.1 million was attributed to lower level of business activities. Depreciation was lower due to more assets becoming fully depreciated and there were minimal property, plant and equipment investments.

Finance costs, which were related to the Taiwan operation, were higher due to higher gearing.

The income tax expense recorded by the Group relates to the Taiwan operation.

As a result of the above, the Group incurred a loss of \$0.6 million for 2Q FY2016 compared to a profit of \$0.1 million recorded for 2Q FY2015.

### **1H FY2016**

For 1H FY2016, the Group registered 11.0% increase in revenue from \$15.6 million to \$17.3 million. The increase in revenue was attributed mainly to higher sales of Blu-Ray media storage products and services and cards products and services, partially offsetted by weaker sales for DVD media storage products and services.

Other income increased due to higher interest income in 1H FY2016.

Total operating expenses increased slightly by 1.3% from \$14.1 million to \$14.3 million due to higher cost of raw materials usage offsetted by lower other operating expenses. The increase in cost of raw materials usage was in tandem with the higher revenue during 1H FY2016. The reduction in other operating expenses by 15.8% from \$3.7 million to \$3.1 million was attributed mainly to the absence of impairment losses made on club memberships and cost management measures undertaken by the Group. Depreciation was lower as a result of more assets becoming fully depreciated.

Finance costs, which were related to the Taiwan operation, were higher due to higher gearing.

The income tax expense recorded by the Group relates to the Taiwan operation. The Company did not recognize any income tax expense despite registering pre-tax profit of \$3.3 million as it currently has sufficient tax allowances to offset its taxable income for 1H FY2016.

As a result of the above, the Group's profit increased by 102.2% from \$1.6 million in 1H FY2015 to \$3.3 million in 1H FY2016.

### **Financial Position and Cash flow**

The Group's financial position remained strong with a net cash position of \$26.2 million as at 31 January 2016 after the payment of final one-tier tax exempt dividend of 0.20 cents per share for FY2015 amounting to \$1.3 million on 27 November 2015. The Group continued to generate positive operating cash flows of \$1.7 million and \$4.4 million during 2Q FY2016 and 1H FY2016, respectively.

The decrease in property, plant and equipment was attributed mainly to depreciation charged for the period.

Inventories were lower in line with lower business activities.

Associate at the Group level of \$2.8 million comprised mainly a long term shareholders' loan extended to a 20% owned associate, Goldprime Realty Pte Ltd, for a property development project in Australia.

Trade and other receivables decreased slightly by 2.7% from \$2.0 million as at 31 July 2015 to \$1.9 million as at 31 January 2016.

Trade and other payables were lower by 13.8% from \$3.1 million to \$2.6 million due to lower purchases made in 2Q FY2016 compared to 4Q FY2015 and payments of accrued operating expenses during 1H 2016.

Reserves were higher by \$2.0 million due mainly to 1H FY2016's profit of \$3.3 million, which was offset by the payment of final one-tier tax exempt dividend of 0.20 cents per share for FY2015 amounting to \$1.3 million on 27 November 2015.

The bank loan taken in 2Q FY2015 was attributed to OGI. During 2Q FY2015, OGI repaid its building loan in full and concurrently took up a term loan facility, which is subject to annual renewal, to fund the repayments of the building loan of \$0.6 million and inter-company loan of \$5.5 million due to the Company with a view of managing the Group's foreign exchange risk by funding the investment property held in Taiwan via a local currency bank loan.

**Use of proceeds raised from private placement**

In November 2015, a portion of the proceeds raised from the issuance of shares to Lian Beng Group Ltd in FY2015, amounting to approximately S\$2.85 million had been extended to the Group's associate, Goldprime Realty Pte Ltd, by way of a long term interest-free shareholders' loan. The funds are intended to be used for a property development project in Australia.

**9. Where a forecast, or a prospect statement, has been previously disclosed to shareholders, any variance between it and the actual results**

Not applicable.

**10. A commentary at the date of the announcement of the significant trends and competitive conditions of the industry in which the group operates and any known factors or events that may affect the group in the next reporting period and the next 12 months.**

The outlook for the Singapore manufacturing sector remained weak, on the back of the global economic uncertainties and ongoing slowdown in China. Operating environment in the media storage industry continues to be challenging due to weak market demand for media storage products and services.

The Group will continue to focus on increasing its revenue base through an expansion of its customer base and providing more value added services to its customers and controlling its operating costs by improving yield and production efficiencies. It will also be keeping a close tab on the technological and business developments within the media storage industry and explore other investment and business opportunities.

At the same time, the Group will actively re-define its business strategies, and deploy its resources effectively.
