QUARTERLY UPDATE PURSUANT TO RULE 1313(2) OF THE LISTING MANUAL

Datapulse Technology Limited (the "**Company**", and together with its subsidiaries, the "**Group**") was placed on the watch-list (the "**Watch-list**") under financial entry criteria pursuant to Rule 1313 of the Listing Manual (the "Listing Manual") of the Singapore Exchange Securities Trading Limited ("**SGX-ST**") on 6 June 2023.

Pursuant with Rule 1313(2) of the SGX-ST Listing Manual, the Board of Directors of the Company (the "**Board**") would like to provide a quarterly update on the financial performance of the Group and the Company and its efforts in meeting the financial exit criteria.

Update on Financial Performance

The Group's main revenue generating asset is our hotel, Travelodge Myeongdong City Hall ("TLMC") in Seoul, South Korea.

For the financial year ended 31 July 2025 ("**FY2025**"), the Group's revenue declined slightly to $6.0 million, compared to $6.2 million in the previous year. The decrease was primarily attributable to the cessation of asset management revenue following the expiration of a contract on 31 December 2023, as well as the adverse foreign exchange translation impact resulting from the depreciation of Korean Won against Singapore Dollar.

The Group recorded a profit after tax of $0.8 million for FY2025 compared to a profit after tax of $4.5 million for FY2024.

Update on Future Direction and efforts for Satisfying Financial Exit Criteria

The Group will maintain its focus on growing hotel revenue while actively exploring and implementing strategies to manage cost pressure without compromising the quality of services offered to the Group's hotel guests. Furthermore, the Group seeks to explore opportunities beyond the hospitality industry to diversify its revenue streams and enhance overall returns.

The Company is aware of the deadline given by SGX-ST for its removal from the Watch-list. The Company will provide shareholders with quarterly update on its efforts and progress made in meeting the Financial Exit Criteria and will make further announcements if any material development occurs between the quarterly updates.
