DATAPULSE TECHNOLOGY LIMITED
(Incorporated in the Republic of Singapore)
(Company Registration No: 198002677D)

REMOVAL FROM SGX-ST WATCH LIST FOLLOWING REGULATORY CHANGES

Datapulse Technology Limited (the "**Company**", and together with its subsidiaries, the "**Group**") wishes to inform shareholders and stakeholders that the Company is no longer subject to the financial watch-list regime under Rule 1313 of the Listing Manual (the "**Listing Manual**") of the Singapore Exchange Securities Trading Limited with immediate effect. This follows the announcement by Singapore Exchange Regulation ("**SGX RegCo**") on 29 October 2025 regarding the removal of the said rule. (*SGX Regco News Release*: https://www.sgxgroup.com/media-centre/20251029-sgx-regco-advances-disclosure-based-regime-proposes-rule-changes-mas)

According to the SGX RegCo news release, it was stated that:

"*With a majority of market participants supporting the move, the financial watch-list will be removed in view of unintended negative effects on business confidence and access to financing by the issuers. Nonetheless, as consulted, SGX RegCo will require that issuers disclose their third and subsequent consecutive financial year of losses".*

Prior to this regulatory change, the Company had been placed on the financial watch-list on 6 June 2023 under the watch-list entry criteria.

As encouraged by SGX Regco, the Company remains committed to transparent and timely disclosure. The Board will continue to update shareholders on the Group's financial performance and strategic initiatives aimed at strengthening its financial position and supporting long term growth. The Company remains dedicated to delivering sustainable value to all stakeholders.

The Board wishes to sincerely thank all shareholders and stakeholders for their continued trust, patience, and support during the period in which the Company was placed on the watch-list. We look forward to achieving further success together.

BY ORDER OF THE BOARD
